## BUILDING EMERGENCY GUIDELINES

**Call or text 911 in life threatening emergencies**

**FIRE**

**BOMB THREAT**

**GAS  
LEAK**

**HAZMAT**

**SEVERE  
WEATHER**

**HAZMAT**

**MEDICAL  
EMERGENCY**

**ACTIVE  
THREAT**

### Evacuation

**PROMPTS: Fire alarm, direction from the UNT Police or City of Denton Fire Department, an Eagle Alert, a visibly life-threatening situation**

- Gather those around you and quickly leave through the nearest exit.
- Ask those around you with limited mobility if they need help and provide assistance, as able.
- If you take notice of someone unable to evacuate, note their location and tell first responders as soon as possible.
- Those with access and functional needs should immediately go to the nearest fire refuge area and call 911.
- Move at least 200 feet away from the building and stay off fire lanes.
- Comply with directions from first responders.

### Shelter

**PROMPTS: Eagle Alert, Outdoor Warning Sirens**

- Go indoors immediately.
- Seek shelter on the lowest level of the building, away from windows and exterior walls.
- For tornadoes: Encourage others to shield their head and neck with arms and putting material such as furniture and blankets around themselves.
- If the event is HAZMAT related, completely turn off or seal off all external air sources including windows, doors, and air vents.
- Stay in shelter until an Eagle Alert is sent telling you it's safe to leave.

### Medical Emergency

- Call 911 (or have someone call 911 for you).
- Send others to get an AED and to meet first responders at the door.
- Ask the individual if you have their permission to assist them.
  - If **YES**, provide first aid to the extent that you feel able.
  - If **NO**, move away from the individual and wait for first responders.
  - If **unconscious**, you have implied consent to provide assistance, as long as you are not negligent.
- Assist paramedics as needed when they arrive.
- Gather info and report the incident to Risk Management Services.

### Run. Hide. Fight.

**PROMPTS: Eagle Alert; successive, loud shot noises; groups of individuals running and screaming**

- RUN and escape the active threat if possible.
- HIDE from the active threat if escape is not possible.
- FIGHT the attacker as a last resort and commit to your actions.

**If you are unsure if a situation is or is not an emergency, always call 911.**

# ART BUILDING

## EMERGENCY LOCATIONS AND SUPPLIES

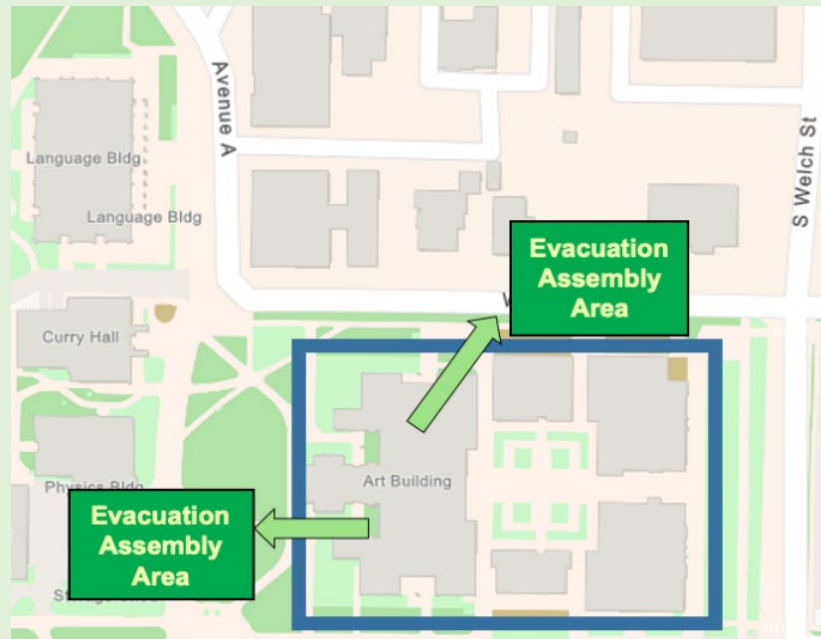

### ***Shelter Areas***

- The interior hallways or restrooms on the lowest floor you can get to.

### **Evacuation Assembly Area**

### ***Evacuation Assembly Area***

- The church parking lot across Mulberry St. to the north or the grassy area by the Physics building to the west of the building *unless directed to go elsewhere by first responders or an Eagle Alert.*

### ***Medical Emergency Related Equipment***

- **First Aid Kits:** Located in labs, studios, and several of the classroom spaces.
- **AEDs:** Located on the 1<sup>st</sup> floor near the elevator and the 101 office suites.

***Fire Refuge Areas:*** A temporary haven from the effects of a fire or other emergency that would normally require evacuation.

- There are six areas located at each stairwell on the 2<sup>nd</sup> and 3<sup>rd</sup> floor.
- The 4<sup>th</sup> floor has two located on the north and south stairwells.

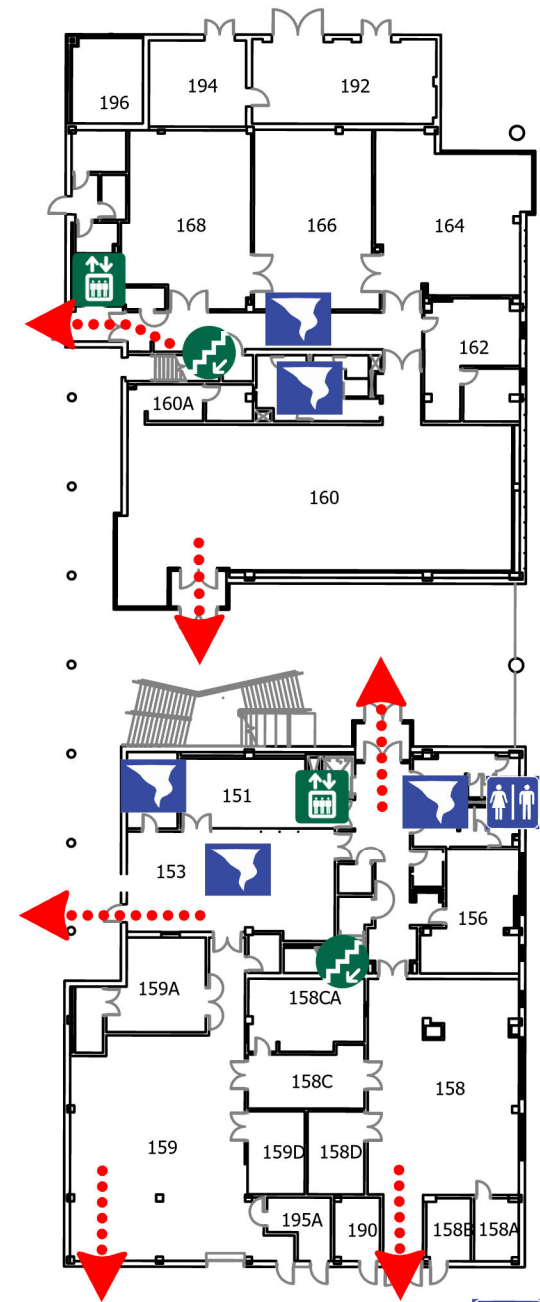

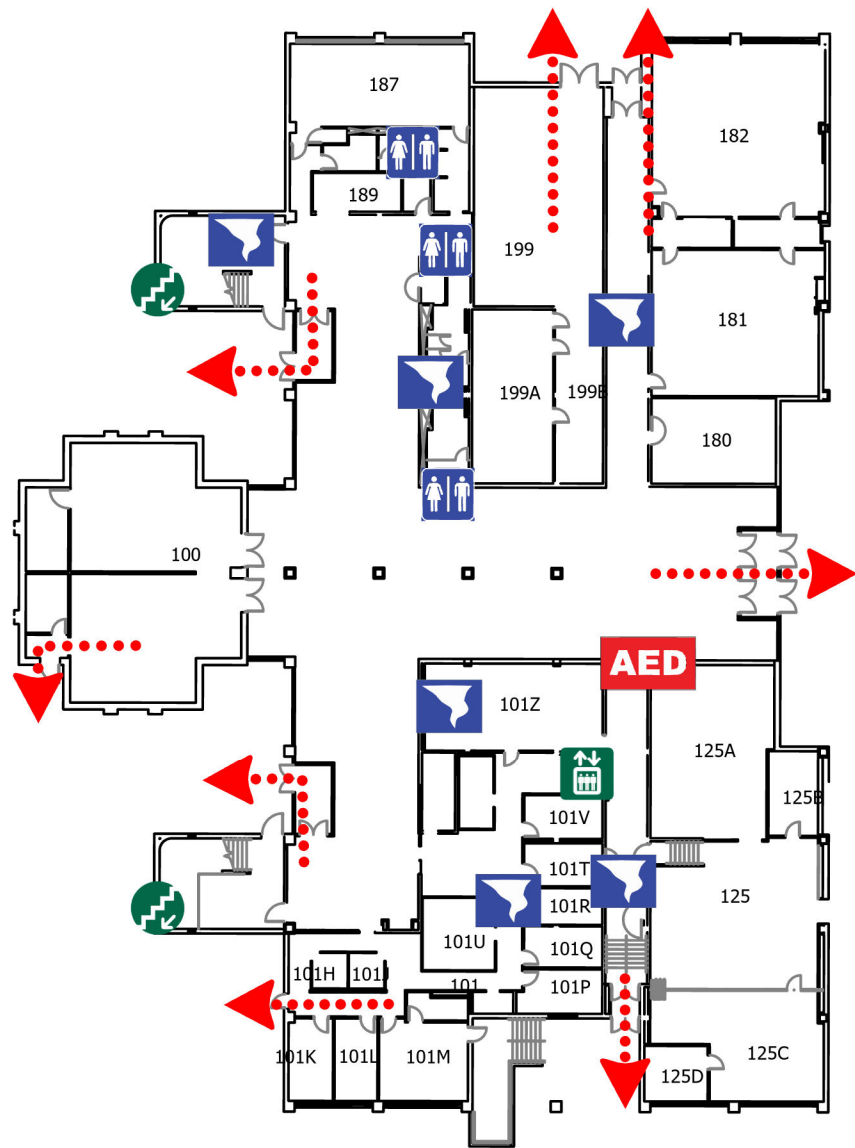

***Special Emergency Procedures for Art Building:***

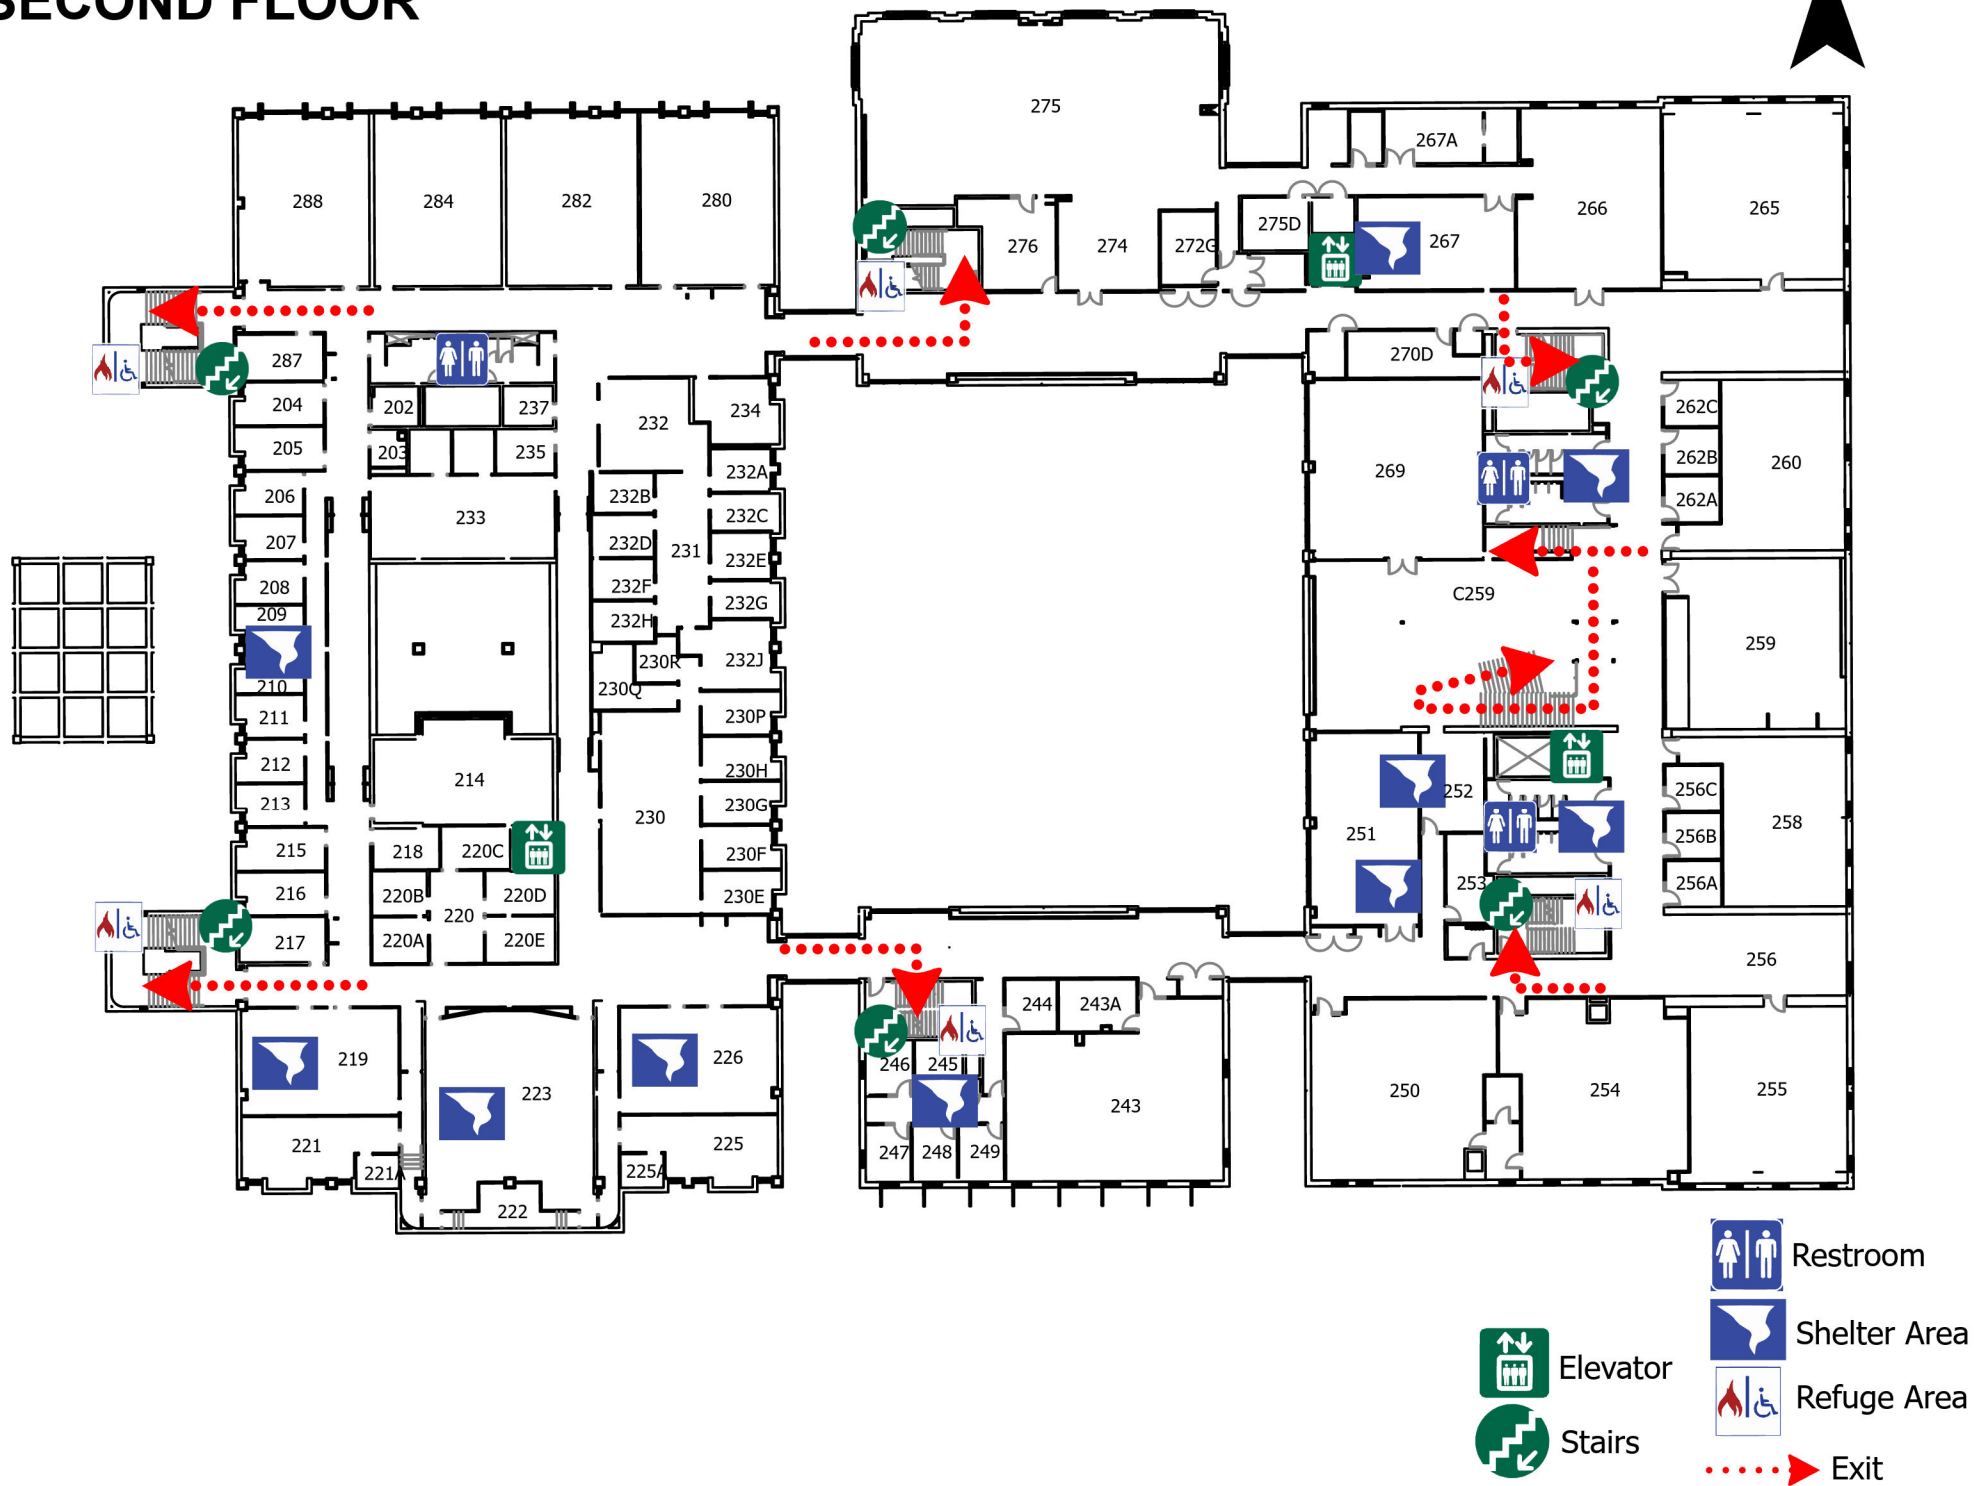

- Eyewash stations are located in labs throughout the building.
